I don't have an answer for you yet, but I want to give you an update. I do not yet know the source of Steve Jann's information about the number of referrals ODNR sent to your office between April and October 2016. I successfully contacted someone who has since retired from EPA, and he didn't remember passing on that information to Steve. Steve is not in the office today, and I have not heard back from others that I have contacted who may have been working with ODNR back then. I'll keep trying, but will not likely be able to answer you today.

Ms. Hansen:

Thank you for helping me find the information I seek. Attached is the letter to which I was referring in my email to Steve Jann. Please let me know if you have any other questions.

Ms. Ramos,

Your email has been forwarded to me to help you get the information that you need. Unfortunately, I didn't work on any of the past events that you refer to in your email to Steve Jann. Ms. Harper's letter of October 2016 that you attached to Mr. Jann's email did not make it through the forwarding process to me. Could you send that along to me?

I'll do my best to find information relating to this.
